

Application Initialization Error Adobe Flash Player Mac

Application Initialization Error Adobe Flash

I was having the same issue with Firefox and found that it seems to be a proxy issue on my corporate network. I switched over to our Guest network which has less restrictions and the download was successful.

Flash - Application Initialization Error | Adobe Community

I have faced a strange problem when trying to install Adobe Flash Player for Mozilla Firefox (version 56) using the online installer. When you visit the official Adobe Flash download...

Adobe Flash Player: Application Initialization Error ...

Immediately after it looks like it is going to run, I get an Adobe box that says "Application Initialization Error" with a button that says "Finish". When I click the finish button, the Adobe box closes, and it actually goes in and DELETES the Adobe installer program from wherever I have it located.
