I wrote a book! The title is Smart and Gets Things Done: Joel Spolsky's Concise Guide to Finding the Best Technical Talent. It is, as promised, concise. Even though it's hardback, it's about the size of a paperback romance novel, with wider margins, and about 180 pages, including some blank ones. To pad it out, Apress...

Smart and Gets Things Done - Joel on Software

Based on the precepts of cognitive science and drawing on a half century of interdisciplinary studies, Smart Thinking is the first book to reveal a three-part formula that distinguishes Smart Thinking from innate intelligence and shows how memory works, how to learn effectively, and how to use knowledge when you need to get things done.
